CLAY LOGO

Do you see that glow among the ashes? Can you feel the ember's radiant heat? The fire is not out. In fact, it's the strongest it's ever been.

Fire is sacred in the bible; symbolizing both life and death. God intentionally uses fire in all kinds of ways; from burning bushes and pillars of fire, to the gentle crackle of a campfire in the wilderness. The roaring flames usually get the most attention. But, there are also important stories to be found in what comes before and after.

Our stories and faith journeys are a lot like fire too. There's the hard stuff, ashes. There are exciting parts, sparks. There are chaotic times, flames. And there is the quiet and calm, embers. Each of these are holy and vital parts of life.

Whatever place you find yourself in, God is right there with you.

A NOTE ABOUT CHOOSING T-SHIRTS:

If your group wants to make t-shirts, carefully consider the shirt color.

The logo won't show up on darker shirts unless the logo is placed on a white background, like a square or circle.

Get creative in your placement of the logo on your shirt. It doesn't have to be in the middle of your chest. Consider the sleeve, hem or back.

SIZE RESTRICTIONS

Be careful in your use of the logo at very small sizes. It must be large enough so the text is still readable. 

Also, if you are DIY-ing items, smaller images will sometimes bleed together depending on the printing process and your paper or cloth.

INCORRECT USE OF THE CLAY LOGO

Please **DO NOT** stretch, squeeze, alter or otherwise change the official CLAY logo.

If you're placing the logo on banners or signs, make sure there is about 1/2 to 1 inch of space around the logo, ensuring it doesn't touch any other text or images around it
